**CAUSE**

On March 14, 2005, Barber submitted to a drug screen which tested presumptive positive for cocaine. At the time of collection, Barber made no admission of his drug use and the specimen was sent to Scientific Testing Laboratories for verification. After receiving the test results Barber reported to the probation office and admitted to smoking a cigar that was laced with cocaine at party. This is Barber's third drug positive while he has been on supervision in the Middle District of Alabama. Barber has requested drug treatment and has an assessment has been scheduled at CAP for April 20, 2006. In addition to drug treatment and increased drug testing, Barber has agreed to the above modification to include six months home confinement. It is the probation officer's recommendation that Barber be placed on electronic monitoring to ensure he does not frequent place where drugs are used and to enable the probation officer to monitor his whereabouts.
